

OFFICE OF ATTORNEY GENERAL  
STATE OF OKLAHOMA

ATTORNEY GENERAL OPINION  
2019-116A

Kim Glazier, Executive Director  
Oklahoma Board of Nursing  
2915 N. Classen Blvd., Ste. 524  
Oklahoma City, Oklahoma 73106

February 26, 2019

Dear Executive Director Glazier:

This office has received your request for a written Attorney General Opinion regarding action that the Oklahoma Board of Nursing intends to take pursuant to an agreed order in case 3.113.19. The licensee failed to initiate CPR to a resident who was in full code status. Subsequently, the licensee submitted an RN MSL application. The Board proposes to grant the application, but issue a severe reprimand and require the licensee to complete remedial education courses and pay an administrative penalty of \$500. The license will be converted to a single state license until the terms of the order are complete; upon completion, the license will be reinstated to an MSL.

The Oklahoma Nursing Practice Act authorizes the Board to impose discipline when a nurse “fails to adequately care for patients or to conform to the minimum standards of acceptable nursing” in a way that “unnecessarily exposes a patient or other person to risk of harm,” “is guilty of unprofessional conduct,” or “is guilty of any act that jeopardizes a patient’s life, health or safety.” 59 O.S.Supp.2018, § 567.8(B)(3), (7-8). The Board may reasonably believe that the proposed actions are necessary to deter future violations.

It is, therefore, the official opinion of the Attorney General that the Oklahoma Board of Nursing has adequate support for the conclusion that this action advances the State’s policy to protect public health, safety, and welfare by ensuring nurses meet minimum standards of professional conduct.
