STATE OF OKLAHOMA

ATTORNEY GENERAL OPINION
2019-122A

Kim Glazier, Executive Director
Oklahoma Board of Nursing
2915 N. Classen Blvd., Ste. 524
Oklahoma City, Oklahoma 73106

February 26, 2019

Dear Executive Director Glazier:

This office has received your request for a written Attorney General Opinion regarding action that the Oklahoma Board of Nursing intends to take in case 3.115.19. The licensee failed to document the administration and/or waste of CDS medication and, without notifying the charge nurse or supervisor, left her place of employment for 25 minutes and failed to give report on the five patients to which she was assigned. The Board attempted to notify the licensee of the complaint, but was unable to serve the licensee. The Board proposes to temporarily suspend the license pending a hearing.

The Oklahoma Nursing Practice Act authorizes the Board to impose discipline when a nurse “fails to adequately care for patients or to conform to the minimum standards of acceptable nursing” in a way that “unnecessarily exposes a patient or other person to risk of harm,” “is guilty of unprofessional conduct,” or “is guilty of any act that jeopardizes a patient’s life, health or safety.” 59 O.S.Supp.2018, § 567.8(B)(3), (7-8). The Board may reasonably believe that the proposed actions are necessary to deter future violations.

It is, therefore, the official opinion of the Attorney General that the Oklahoma Board of Nursing has adequate support for the conclusion that this action advances the State’s policy to protect public health, safety, and welfare by ensuring nurses meet minimum standards of professional conduct.
