- * Title 37 O.S. § 600.23(A)(2) requires payments to be “adjusted for inflation.” Title 37 O.S. 600.21(1) defines “adjusted for inflation” as “increased in accordance with the formula for inflation adjustment set forth in Exhibit C to the Master Settlement Agreement. Each year this formula increases 3% or the actual inflation rate, whichever is greater. Because the actual inflation rate cannot be determined until the end of 2006, tobacco product manufacturers required to make quarterly escrow payments will be required, in their quarterly escrow payments, to deposit an amount that has been cumulatively adjusted for inflation by 3%. When the inflation rate for 2006 has been determined, manufacturers will be advised and then have until April 15, 2007, to deposit any additional money, if necessary, to satisfy the actual inflation amount under the Act. The 2006 inflation rate, 24.25497% increased by 3%, is 27.98262%. Multiplying the 2006 base escrow deposit amount \$.0167539, by the inflation rate, 27.98262%, equals the cumulative inflation adjustment amount of \$.0046882. Adding the base escrow deposit amount, \$.0167539, to the cumulative inflation adjustment amount, \$.0046882, equals \$0.0214421.
