ATTORNEY GENERAL OPINION
2016-713A

Kim Glazier, Executive Director
Oklahoma Board of Nursing
2915 N. Classen Blvd., Ste. 524
Oklahoma City, Oklahoma 73106

November 21, 2016

Dear Executive Director Glazier:

This office has received your request for a written Attorney General Opinion regarding agency action to be taken by the Oklahoma Board of Nursing pursuant to a consent agreement in Board case 10.002.17. The proposed action is to grant the application for endorsement of the license to Oklahoma. A \$500 fine will be imposed, the license will be severely reprimanded, and the licensee will be required to complete a course in nursing law. The applicant failed to report a 1992 disciplinary by nursing authorities in Alabama in the application.

The Oklahoma Nursing Practice Act, 59 O.S.2011 & Supp.2016, §§ 567.1–567.20, authorizes the Board to impose discipline when a nurse “is guilty of deceit or material misrepresentation in procuring or attempting to procure” a license, 59 O.S.Supp.2016, § 567.8(B)(1)(a). “Deceit or material misrepresentation” includes any “false representation of facts in connection with an application for licensure.” OAC 485:10-11-1(b)(1)(A). The Board’s applications require the disclosure of professional disciplinary history so that the Board may make an informed decision on licensure of individuals. The Board may reasonably believe that the applicant’s failure to disclose such history warrants the disciplinary action, which action is necessary to deter future violations.

It is, therefore, the official opinion of the Attorney General that the Oklahoma Board of Nursing has adequate support for the conclusion that this action advances the State of Oklahoma’s policy to protect the public health, safety, and welfare by ensuring that information in applications is truthful and complete.
