Dear Executive Director Barnhouse:

This office has received your request for a written Attorney General Opinion regarding action that the Oklahoma Board of Nursing intends to take in case 3.2020100192.22. After several instances of displaying impaired behavior on duty as a Care Coordinator in a clinic, the Respondent was ultimately terminated in March 2018 for failing to renew her RN license. The license remains lapsed, and in July 2021, a Board Investigator filed a complaint. The Board proposes to lift the lapsed status and suspend the Respondent's license pending a hearing on the merits of the complaint.

The Oklahoma Nursing Practice Act authorizes the Board to impose discipline when a nurse “[f]ails to adequately care for patients or to conform to the minimum standards of acceptable nursing” in a way that “unnecessarily exposes a patient or other person to risk of harm,” “[i]s guilty of unprofessional conduct,” or “[i]s guilty of any act that jeopardizes a patient’s life, health or safety[.]” 59 O.S.Supp.2020, § 567.8(B)(3), (7), (8). Unprofessional conduct includes “conduct detrimental to the public interest” and jeopardizing a patient’s life, health, and safety by a nurse’s “[f]ailure to utilize appropriate judgment in administering safe nursing practice” and “[f]ailure to utilize appropriate judgment in administering . . . patient care[.]” OAC 485:10-11-1(b)(3)(H), (4)(D). The Board may reasonably believe that the proposed action is necessary to deter future violations.

It is, therefore, the official opinion of the Attorney General that the Oklahoma Board of Nursing has adequate support for the conclusion that this action advances the State’s policy to protect public health, safety, and welfare by ensuring nurses meet minimum standards of professional conduct.
